

# The Nines Multiplication Hand Trick

Learn this trick and never forget your nines times tables again!

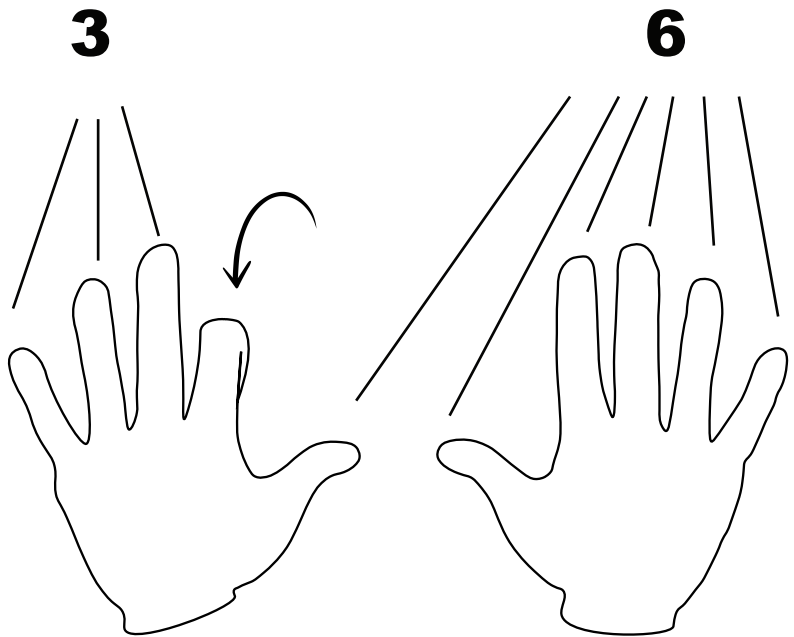

**What is 9 X 4?**

Hands in front  
Nine times what? (4)  
Bend that finger down.

Count fingers  
On the left (3)  
Count them on the right! (6)

The answer is 36.

Now you try it!

**What is 6 X 9?**

Hands in front  
Nine times what? \_\_\_\_  
Bend that finger down.

Count fingers  
On the left \_\_\_\_  
Count them on the right! \_\_\_\_

The answer is \_\_\_\_.
